

# Pierson Pet Hospital

Pets Name \_\_\_\_\_ Surgery Date \_\_\_\_\_

Thank you for making a surgery appointment for your pet. We appreciate your confidence in us and strive to provide the best possible care for our patients.

We like our patients to arrive the morning of surgery between 8:00 a.m. and 8:30 a.m. or the evening before if this is more convenient for you. Restricting water from your pet is not necessary, but **please remember to restrict food after midnight the evening before surgery.**

Your pet's scheduled admission time is \_\_\_\_\_. Please allow approximately 15-20 minutes when your pet arrives at our hospital. We will answer any questions you may have and review an estimate with you for the procedure and have you sign it. This communication is *essential* for your pet's quality care.

In the interest of safety and your pet's health, we do have a few mandatory requirements for all surgical patients that are being admitted.

- Pre surgical examination done within the last 60 days.
- All dogs must be current on their Distemper/Parvo, Rabies, and Bordetella vaccinations.
- All dogs must be current on heartworm tests, or on preventive medication.
- All cats must be current on their Distemper and Rabies vaccination.
- All pets will be examined for fleas, and will be treated for them if they are found.
- Pre Surgical blood work is required within the past two months for any pet-receiving anesthesia.
- Every pet will receive pain medication before, during and after surgery. There also maybe pain medication or antibiotic to go home.

In Addition, we recommend that your pet receive:

- A fecal exam to check for intestinal parasites (worms)
  - An oral exam to decide if any dental procedures are recommended
    - Cats should be current on feline leukemia vaccine or tested before surgery

OUR GOAL AT PIERSON PET HOSPITAL IS TO EFFICIENTLY MEET THE TOTAL HEALTH CARE NEEDS OF EVERY PATIENT IN OUR PRACTICE WITH COURTESY AND COMPASSION FOR ALL OUR ANIMAL FRIENDS AND THEIR FAMILIES.
