

At Doc & Phoebe's, we listen to science, nature and especially our cats. And they're all saying the same thing, the bowl is the wrong way to feed our cats.

The Indoor Hunting Feeder is the recommended bowl-free, naturally instinctive way to feed your cat. Instead of filling the bowl twice a day, fill the hide the three (3) Doc & Phoebe Mice morning and night. **Feed the right way, twice a day!**

Manage scarf and barf, alleviate anxiety and destructive behavior, and prevent litter box issues, with this veterinarian designed feeder.
